

## **Additional Important Notice on Restrictions for Strengthening Border Security Measures Related to the Spread of the Novel Coronavirus**

Effective April 3, 2020, in order to significantly strengthen border security measures to mitigate the spread of the Novel Coronavirus (also known as COVID-19) infection, **the Government of Japan will deny entry to all visitors and immigrants from the United States of America.** For other prohibited countries/regions, please call the Consulate-General of Japan in Denver at 303-534-1151.

Japanese nationals, spouses and/or children of Japanese nationals, permanent residents, etc. who left Japan with a re-entry permit before April 3rd are exempt from the aforementioned restriction.

All incomers including Japanese nationals entering Japan are expected to follow the below guidelines:

1. Stay in self-quarantine/isolation at a location designated by the quarantine director such as your own residence, hotel or lodging facility, etc. for 14 days after arriving in Japan.
2. Do not use public transportation (trains, buses, taxis and/or shuttles) as a means of transport to the designated location.

Before arriving in Japan, please make sure that you have a means of transportation such as your own vehicle, rental car, etc. from the port of entry to the designated location, and that you are able to stay in self-quarantine/isolation there for 14 days after arriving in Japan.
